Summary

About me I'm an enthusiastic Front-end developer with a big passion for the digital world and what we developers can do to make it bigger and stronger. Very professional with a great work ethic and a loyal worker that focuses on the best results. I have a powerfull team spirit, a creative mind and a great sense of humour. Technically, I code with HTML5, CSS3 and Javascript, using jQuery as the main framework. My development follows the SEO rules and techniques as well as usability guidelines.

Work Experience

Date	October 2010 to Present
Company	PT Sistemas de Informação, S.A. - Portugal Telecom Group
Address	Lisbon, Portugal
Occupation or position held	Front-end Developer
Main responsibilities	I'm responsible for the front-end development of desktop and mobile websites, always focused on user experience, design, performance and responsive techniques using HTML5, CSS3 and Javascript. However I'm also concerned about cross-browser compatibility, including the old ones like Internet Explorer 7. I've worked with major portuguese clients such as Sport Lisboa e Benfica, Portugal Telecom, Portuguese Football Federation and Portuguese Navy. In the last two projects besides developing my role was to lead the front-end team.
